Manufacturing

Archean Group

Tally.ERP 9 helped us gain complete inventory control. It helped us record and, hence, keep track of orders through the entire life cycle of allocation, inventory deliveries, invoicing, accounting etc.

- Ms. A Sridividya, Manager

Retail

U.K. International

In this industry, prices keep changing with such frequency that you need to be highly organised. Only then will you earn the respect of your large customers. Tally.ERP 9 has given us the edge.

- Mr. Uday Holla, Proprietor

Services

Broekman Logistics

We have experienced a 50% enhancement in report generation efficiency using the latest MIS capabilities in Tally.ERP 9. Monthly reports require much less effort and what took 3-4 days earlier is now a matter of hours.

- Mr. K G Prasanna, Branch Manager

Trading

J P Sanitation

We have embraced Tally. ERP 9 to make J P Sanitation the 'number one' home essentials dealer in India.

- Mr. Ravi Chandru , Managing Director

Inventory Management

Accounting & Financial Management

Accounting & Financial Management

Discover a simple way to maintain your accounts and keep your books up-to-date!

Outstanding management helps you make quick decisions on pending recoveries and payments

Ratio analysis gives you a complete picture of your company's financial health, from Working Capital to Return on Working Capital

Financial Statements, Cash Flow, Fund Flow and Comparative Analysis help you keep track of your business trends

Exception Reports give you insight into crucial scenarios like negative cash, post-dated transactions, overdue outstanding & overdue orders etc.

Cost Centre Management allows you to easily allocate and retrieve revenue information department-wise, employee-wise or branch-wise

Inventory Management

Effective inventory management is all about knowing how much stock is at hand, what its value is and when it needs to be ordered again!

Order Management helps you track order status and maintain stock at an optimum level

Invoice Generation can be done in multiple formats for eg. Tax Invoice, Excise and POS

Stock status location and batch-wise enables you to get up-to-date status of your stocks

Stock ageing gives you an idea of how fast or slow inventory is moving, so you can take necessary action

Stock query gives you access to customer history, top suppliers, last selling price, alternative items and the availability of a particular item at different locations

Multi-Level Price List helps you offer special pricing to your regular/ high value customers or define scheme discounts during special occasions

Multi-valuation of Stock Item lets you select from a variety of stock valuation methods as per your business needs

Manufacturing Capabilities

Take control of your manufacturing requirements for seamless business management!

Generate **Multiple BoMs** and select any BoM, based on your requirement, for items being manufactured

Manufacturing Journal allows you to track the consumption of raw material & cost allocated to the manufactured product

Generate **Excise Invoice** as per Rule 11 of Central Excise to comply with Statutory Norms

Job Work Management helps you keep track of goods sent/received for job work, generate Gate Pass (Annexure II) for Material Issue to Job Worker and get Job Work Reports for better management

Statutory Capabilities

Now stay continuously compliant with all statutory requirements for your business!

Taxes, as applicable to your business, can be setup quickly and easily

Instant updates keep you informed of changes in Government norms and regulations

Automatic calculation of Excise, VAT/GST, Service Tax, TCS, and TDS while passing transactions makes statutory compliance hassle free

Generate **Forms, Challans, Reports and e - Returns** for all statutory requirements

Payroll Capabilities

Experience an efficient and integrated Payroll for your business!

Easy and error free management of **Employee Salaries**

Quick processing of **Income Tax and other statutory deductions** based on attendance or production

Generate and email **Employee Pay Slip and Form 16** with ease

Maintain **Employee Records** (including expatriate and contact details) for individual employees

Track & manage statutory reports such as **Gratuity, PF, ESI, and PT**
